AAEP Announces Partnership with PRMS

AAEP is pleased to announce that Professional Risk Management Services® (PRMS®) is now a Sponsor of the American Association for Emergency Psychiatry.

PRMS manages The Psychiatrists' Program®, a medical professional liability insurance program for psychiatrists and behavioral healthcare groups, and has been a committed supporter of our organization throughout the years. Through our new sponsorship, that support will be expanded to further facilitate our efforts on behalf of psychiatrists and our patients. Additionally, PRMS will offer AAEP members risk management presentations and resources, as well as collaborate on residents' outreach initiatives.

We encourage our members to consider their services when comparing liability insurance options. Please take a moment to complete this short [survey](#) and we thank PRMS as a sponsor of AAEP. For more information about PRMS and their offerings, visit [PRMS.com](https://www.prms.com).
